Rules

S.D. Cal., Local Rule 66.1.e. 4, 11

1 Krista Freitag ("Receiver"), the Court-appointed permanent receiver for
2 Defendant ANI Development, LLC, Relief Defendant American National
3 Investments, Inc., and their subsidiaries and affiliates ("Receivership Entities"),
4 hereby submits this Receiver's Second Interim Report and Recommendations
5 ("Second Interim Report").

6 **I. BACKGROUND**

7 This equity receivership involves a large, complex, and wide-ranging group
8 of enterprises and assets which are the subject of the Complaint filed by the United
9 States Securities and Exchange Commission ("Commission"). The Complaint
10 alleges Defendants Gina Champion-Cain and ANI Development, LLC perpetrated a
11 large-scale fraud, raising over \$300 million from investors since 2012 for purported
12 short-term, high-interest loans to parties seeking to acquire liquor licenses. The
13 Commission alleges the purported loans were a sham and the Defendants were using
14 monies raised from investors to support the business operations of Defendants'
15 affiliated entities and to make sham interest payments to earlier investors.

16 Defendants agreed to the appointment of a permanent receiver by way of a
17 Joint Motion and Stipulated Request filed concurrently with the Complaint (Dkt. 2).
18 On September 3, 2019, the Court (the Hon. Marilyn Huff) granted the Joint Motion
19 and entered the Appointment Order (Dkt. 6.)

20 On November 18, 2019, the Court held a hearing on the Receiver's Motion for
21 Order in Aid of Receivership; Receiver's Verified Initial Report, Recommendations,
22 and Petition for Further Instructions Pursuant to Local Rule 66.1.e. which was filed
23 on October 3, 2019 (Dkt. 76-1) ("Verified Initial Report"). And on November 22,
24 2019, the Court entered the Order Granting in Part Motion for Order in Aid of
25 Receivership (Dkt. 126), which authorized the Receiver to, amongst other things,
26 file interim reports and interim fee applications on a quarterly basis.

27 This quarterly report covers the Receiver's activities during the fourth quarter
28 of 2019, as well as the partial month of September 2019, and also reflects the status

1 of certain assets as of the date of this report, if material activity has occurred
2 between December 31, 2019 and the date of this report.

3 **II. EXECUTIVE SUMMARY**

4 As previously reported, as of September 4, 2019, the receivership estate assets
5 were primarily comprised of cash, 33 commercial and residential properties,
6 27 restaurant and retail operations, not including commissary kitchen operations
7 (both owned and leased properties), voluminous personal property (including
8 restaurant equipment, product inventory, retail merchandise, liquor licenses and
9 intellectual property associated with the operations of the enterprise), the various
10 notes receivable or equity investments made by the Receivership Entities, and
11 potential causes of action.

12 At the time of the Receiver's appointment, the enterprise had over 350
13 employees (approximately 70 of them corporate staff with a significant amount of
14 compartmentalized tasks) and was facing (a) over \$1.1 million of monthly direct
15 payroll expenses (with nearly two weeks of payroll having accrued prior to the
16 Receiver's appointment and the last payroll (manual checks) having gone out only
17 days before the Receiver's appointment), (b) nearly \$250,000 of monthly debt
18 service (all real properties, with the exception of one, are encumbered), (c)
19 imminent portfolio insurance expiration/renewal – an immediate annual liability of
20 over \$300,000, (d) upcoming 2019/2020 property tax installment payments, (e)
21 work stoppage on several construction projects and related fallout, and (f) demands
22 on past due vendor payments. At the time of the Receiver's appointment, there was
23 approximately \$369,000 in the known bank accounts (the accounts included in the
24 Appointment Order). Upon investigation and recovery of additional bank accounts
25 at takeover, the Receiver ended up taking possession of approximately \$1.8 million
26 in cash, the total amount available in bank accounts to satisfy the aforementioned
27 ongoing obligations. In other words, at the time of the Receiver's appointment, the
28

1 Receivership Entities were about to run completely out of cash (in a matter of
2 weeks).¹

3 The Receiver and her professionals then had to devote significant time and
4 resources to get Chicago Title to turn over the \$11.3 million to the receivership
5 estate pursuant to the Appointment Order – including but not limited to an ex parte
6 application requesting the Court address Chicago Title's failure to turn over the
7 funds. Chicago Title's failure to comply with the Appointment Order created a cash
8 crisis that effected virtually all aspects of the receivership and required immediate
9 action to reduce expenses. Such action included prompt termination of numerous
10 operations,² substantial reduction in the seven-figure monthly payroll,³ and regular
11 communication with numerous secured lenders regarding the status of efforts to
12 secure cash necessary to make debt service payments.⁴ In so doing, however, and
13 with the companies in a daily cash crisis (and then recovering therefrom) during the
14 first 120 days, it must be noted that a substantial amount of complex and detailed
15 work was necessarily handled by the Receiver and her professionals. Accordingly,
16 the amount of time and effort required of the Receiver and her professionals in this
17

18 ¹ The Receiver was able to determine early on that Defendants were withdrawing
19 substantial amounts from accounts at Chicago Title and using those funds to
20 support the Receivership Entities' operations. By way of example, the balance in
21 the main holding account at Chicago Title was approximately \$21 million on
22 June 8, 2019, but only approximately \$11 million remained in the account on
23 September 3, 2019. It is very likely the balance would have been even lower but
24 transfer of funds from the Chicago Title account appears to have ceased in mid-
25 August 2019.

26 ² Although closure decisions for some of the locations may have ended up being
27 consistent with the decisions made, the Receiver was forced to make decisions in
28 order to promptly cut expenses rather than on a reasoned evaluation of the
businesses and their potential value.

³ Drastic payroll reductions were imperative due to the cash crisis; however, the
long-term cost of these significant staff reductions is material. With very limited
company staff, the burden of managing the vast number of entities and their
assets fell largely to the Receiver and her professionals, resulting in a more
expensive labor cost (albeit the only feasible option under the circumstances).

⁴ The majority of the loans are cumbersome hard-money or life insurance
company loans. The Receiver and her counsel have been forced to expend
significant time on the real property loans and to engage in extensive
negotiations with lenders to attempt to obtain the best resolution possible for the
benefit of the receivership estate.

1 initial phase of the receivership was very large. The Receiver has made substantial
2 progress in marshalling the Receivership Entities' assets and otherwise discharging
3 her duties. Those efforts include the commencement of the forensic accounting and
4 the related investigation/recovery efforts. The Receiver has also commenced the
5 marketing and sale process for well over half of the real property assets using
6 procedures consistent with the requirements of 28 U.S.C. §§ 2001-2002 and
7 following the Court's Order Establishing Uniform Property Sale Procedures
8 (Dkt. 219). She has also continued to conduct sales of the retail merchandise and
9 has recently obtained Court authorization to sell the voluminous personal property
10 through auction. A few notable highlights of the Receiver's progress on receivership
11 assets include:

- 12 1. Five (5) retail and 13 restaurant operations were shuttered, most of
13 which were terminated early in the receivership due to cash constraints;
 - 14 2. Three (3) real property sales were completed;
 - 15 3. One (1) real property sale was just approved by the Court on
16 January 24, 2019, and is now moving towards closing;
 - 17 4. One (1) real property sale is Court approved with the closing expected
18 in February 2020;
 - 19 5. 16 owned real properties are listed for sale:
 - 20 a. Seven (7) of these properties had a "call for offers" date of
21 February 3, 2020, the Receiver is in process of reviewing offers
22 in anticipation of making a motion to the Court for sale approval;
 - 23 b. One (1) of these properties is under contract with final
24 contingencies waived; the Court approval motion is expected to
25 be filed in the coming days;
 - 26 c. Two (2) of these properties are also in escrow pending
27 completion of the buyer's due diligence.
- 28

1 6. Four (4) leasehold interests had a "call for offers" date of February 3,
2 2020, the Receiver is in process of reviewing offers in anticipation of
3 making a motion to the Court for sale approval;

4 7. Three (3) liquor licenses are under contract to sell:

5 a. Two were just approved by the Court on January 24, 2020 and
6 will now be moving forward towards transfer (a process which is
7 expected to take three (3) to six (6) months);

8 b. One is expected to transfer in mid-February 2020;

9 8. Possession of 11 non-owned locations was returned to the respective
10 building owners and/or landlords. Personal property was removed
11 from four (4) of these locations and in two instances, the turnovers
12 included the sale of the liquor licenses and restaurant FF&E to
13 landlords, which were approved by the Court on January 24, 2020;

14 9. Personal property was removed (and associated contracts terminated)
15 from five (5) storage facilities and one (1) leased office property to
16 reduce monthly expenses.

17 10. The sale of a material membership interest was negotiated and
18 presented to the Court for approval;

19 11. Several below market or month to month leases have been adjusted to
20 market rate, term leases. In at least two (2) instances, the Receiver is
21 anticipating eviction proceedings against a tenant who is unwilling to
22 leave the premises. These lease improvements are expected to
23 positively impact the value of the related owned real estate.

24 Finally, it is also important to note that due to the large number of entities in
25 receivership (approximately 70), the number of operating businesses and business
26 interests involved (over 60 real properties and operating businesses at the time of the
27 Receiver's appointment), the vast amount of electronic data and information
28 gathered to date (over 80 terabytes of data), the complexity of the debt on all but one

1 real property, the number of bank accounts used (over 50), the extensive damage
2 and delay caused by the withholding of the \$11.3 million by Chicago Title, as well
3 as the failure to produce records requested by the Receiver that are necessary to
4 carry out her Court-ordered duties (*i.e.*, critical records necessary to most efficiently
5 conduct the forensic accounting have been requested but not yet produced by
6 Chicago Title), and the complexity of the case generally, this report is preliminary.
7 Its contents may need to be materially modified upon continued investigation and
8 consideration.

9 Nothing herein shall be construed as an offer or admission, but simply reflects
10 a summary of the Receiver's current understanding of the enterprise information as
11 of the date of the report. As discussed herein, although the Receiver and her
12 professionals have made a great deal of progress in a very short period of time,
13 much work remains to be done – notably on the forensic accounting, investigation,
14 and recovery/monetization of assets.

15 **III. SUMMARY OF RECEIVER'S ACTIVITIES**

16 **A. Funds Recovered to Date**

17 The Receiver took possession of numerous bank accounts and funds held in
18 the name of or controlled by the Receivership Entities. The Receiver initially took
19 possession of approximately \$1.8 million associated with this list of accounts, and
20 subsequently received \$11.3 million from Chicago Title pursuant to the Court's
21 November 18, 2019 instruction to Chicago Title to transfer said funds to the
22 receivership estate.

23 The Receiver's investigation of the use of funds is and will continue to be an
24 ongoing process; recovery details are included and will continue to be tracked on the
25 receipts and disbursements schedule herein.

26 **B. Real and Personal Property Assets**

27 Immediately upon entry of the Appointment Order, the Receiver began steps
28 to implement the Appointment Order, including identifying and assuming control

1 over all assets controlled, operated, leased or owned by the Receivership Entities.
2 Attached as **Exhibit A** is a schedule of all known real property,
3 businesses/operations (former and current), third-party investments/loans, and liquor
4 license assets of the Receivership Entities. Salient notes regarding the status of each
5 of the assets are reflected thereon, along with estimated market values based upon
6 the most current valuation information obtained, whether through brokers' opinions
7 of value ("BOV"), sales contract prices, market comparables or appraisal.

8 Based upon the best information currently available, the Receiver estimates
9 net asset value of the assets listed on Exhibit A to be in the \$13-\$15 million range.
10 This estimate remains highly speculative at this early stage and likely to change but
11 is based on the best available information at this time. Typical reasons for changes
12 in this estimate will include changes to sale prices of the properties, changes in
13 negotiations with a secured lender or new information that causes the Receiver to
14 change her strategy on a particular asset.

15 Due to changes in the timing of certain expenses (e.g. interest, property taxes,
16 etc.), it is not practicable to perfectly project net sale proceeds from anticipated sales
17 (other than as noted for closed transactions) on Exhibit A; however, as sales are
18 completed, the Receiver will reflect the actual recoveries on the exhibit as well as on
19 the receipts and disbursements schedule reflected in Section III.N. below.

20 The extensive secured debt encumbering the assets has a substantial impact
21 on the gross numbers reflected on Exhibit A, thus the net sale proceeds for each of
22 the assets are small (relative to the estimated market values of the assets).
23 Preserving and monetizing the real property assets, as well as the other operating
24 businesses, furniture, fixtures, and equipment, trademarks, and other assets for the
25 benefits of investors and creditors will generate a material net recovery, but also
26 involves considerable effort and expense.

27 It is important to note that the \$13-\$15 million estimate does not include the
28 voluminous personal property that is not tied to real property, nor any other

1 prospective recoveries resulting from the Receiver's continued investigation of
2 potential recoveries from third parties (discussed further below). It is also important
3 to note that Exhibit A does not include the dozens of trademarks (both registered
4 and pending), nearly 175 Internet domain names, and approximately 25 websites
5 (most of which are now disabled) owned by the Receivership Entities. The Receiver
6 is in the process of determining the most cost-effective approach to obtain value for
7 these assets; however, intellectual property associated with restaurants that are being
8 marketed for sale is intended to be sold with the applicable restaurant.

9 Attached hereto as **Exhibit B** are schedules of personal property assets,
10 including furniture, fixtures, and equipment associated with the Receivership
11 Entities' real properties and operations. While certain of these personal property
12 assets are being marketed for sale together with the restaurants in which they are
13 located, on January 24, 2020, the Court authorized the Receiver to proceed with
14 sales of personal property assets through one or more licensed auctioneers. As such,
15 she is proceeding to work with auctioneers, as appropriate.

16 And with respect to the requirement in Local Rule 66.1.e. that "appraised
17 values" be included with the Receiver's initial inventory of assets, considering the
18 large number of real properties and extensive amount of personal property assets
19 (including FF&E, investments, loans, trademarks, etc.), to obtain appraisals of all
20 assets would involve an enormous amount of time and expense for the receivership
21 estate. The Receiver submits that such a large expenditure of time and resources is
22 not warranted. The Receiver believes the better course of action is to obtain
23 appraisals on a case-by-case basis, depending on the asset, and as appropriate for
24 determining the best course of action to maximize each asset's value. Additionally,
25 where feasible, the Receiver has sought BOVs as a substitute for a full market
26 appraisal. BOVs are industry acceptable approximations of value and are typically
27 low cost or free (if rendered in furtherance of a listing proposal from a broker).

28

1 **C. Restaurant and Retail Operations**

2 For a variety of reasons previously discussed, the Receiver closed five retail
3 locations and 13 restaurant operations near the beginning of the receivership. Such
4 actions are noted on Exhibit A. The amount of work necessary to complete the
5 closure process, while preserving the value of the associated assets, has been
6 substantial.

7 Given the significant media coverage of this case, including of the closure of
8 restaurants, and to ensure improvement and stability of operations, as well as to
9 improve stability for personnel associated therewith, the Receiver interviewed two
10 prospective restaurant consultants/operators shortly after her appointment. After
11 carefully considering the options, the Receiver elected to have Cohn Restaurant
12 Group ("CRG") provide operational assistance and guidance for the four restaurants
13 that are continuing to operate – The Patio on Lamont, Surf Rider Pizza in Ocean
14 Beach and La Mesa, and Saska's Steakhouse.

15 As noted above, these restaurants are currently listed for sale and had a "call
16 for offers" deadline of February 3, 2020; such offers are being reviewed at this time.
17 While the operating expenses of these assets are significant, they are expected to
18 contribute to the net asset value of the receivership estate. That is, after consulting
19 with restaurant operators, and based on the *significant* amount of interest shown by
20 prospective buyers in the early stages of the receivership, and as indicated by the
21 number of offers received, the Receiver believes keeping these restaurants open
22 increased their sale value (when compared to a closed restaurant). For example,
23 when reviewing the appraised values of the FF&E, the appraisers consistently noted
24 that the value of the property was significantly improved with an operating
25 restaurant. Likewise, for restaurants that hold an existing liquor license, the license
26 in an operating restaurant should qualify for a temporary license (attainable in a
27 matter of a week or two) with which a new owner can continue to operate while the
28 formal transfer process (a three to six month process) takes place. For a closed

1 restaurant (closed for more than 30 days) whereby the liquor license has been
2 properly surrendered, the formal three to six-month transfer process must occur
3 before a new operator can operate under said license. Note that three of these
4 restaurants operate at properties owned by the Receivership Entities, and therefore
5 no rent is owed to a third party.

6 To assist with the consolidation of the restaurant operations, and pursuant to
7 the regulations of the California Department of Alcoholic and Beverage Control
8 (ABC), the Receiver presented a liquor transfer request to allow the transfer of
9 previously purchased liquor from one Receivership Entity to another and such
10 request was granted. Thus, to the extent alcohol culled from a closed site can be
11 used at one of the operating restaurants, such transfers are made to help operate on a
12 more cost-effective basis.

13 The Patio Marketplace, a quick service restaurant concept that operated as an
14 office building amenity, had several contracts in six Southern California locations
15 (four of which were operating). While the concept was akin to a restaurant
16 management agreement, most locations contractually required a material amount of
17 upfront and/or on-going expenses to be incurred by the Receivership Entities.
18 Unfortunately, the long-term viability of the Receivership Entities cannot support
19 these agreements. Accordingly, the Receiver has worked diligently and efficiently
20 to collect the receivables and transition out of these contracts with minimal claims
21 arising therefrom against the receivership estate.

22 **D. Property Taxes**

23 With the exception of four (4) properties and the fact that three (3) properties'
24 payments had otherwise been made, the Receiver paid the first installment of the
25 July 1, 2019 through June 30, 2020 property taxes on or before the December 10,
26 2019 deadline. One property had an impound account with a balance sufficient to
27 fund the first installment payment and the entire annual installment for two of the
28 properties had been paid pre-receivership.

1 The first installments for four properties were not made due to the uncertainty
2 regarding the net asset value of the properties. The Receiver continues to
3 communicate and work with the lenders on these assets and will make a
4 determination in the next few months on whether or not to pay these property taxes.

5 **E. Insurance**

6 The Receiver has also taken steps to make sure each of the properties and
7 operations has proper insurance. The vast majority of the insurance portfolio was
8 scheduled to expire approximately one week after the Receiver's appointment. Near
9 that time, the insurance broker informed the Receiver that the existing carrier had
10 determined, prior to the Receiver's appointment, not to renew coverage for much of
11 the existing portfolio and would not extend the expiring portfolio coverage date to
12 enable the Receiver sufficient time to find replacement coverage. The Receiver was
13 thus forced to promptly renew coverage, some of which was forced onto the surplus
14 lines insurance market. Furthermore, the surplus lines carrier soon thereafter
15 noticed termination of 37 lines of coverage, forcing the Receiver to find replacement
16 coverage, again in the surplus lines insurance market. Needless to say, it was
17 extremely challenging to obtain cost effective coverages for certain aspects of the
18 portfolio. That said, while reviewing the coverages, it was determined that some
19 properties were likely over-insured because some property values and business
20 income was previously inflated. Accordingly, the Receiver worked diligently to
21 right-size and secure the most cost-effective coverage possible. At this time, the
22 Receiver is in the process of reviewing updated endorsements and is expecting to
23 receive refunds of at least \$40,000 in the coming weeks due to revisions in
24 coverage.

25 **F. Debt Service**

26 As mentioned above, most of the Receivership Entities' loan terms are highly
27 favorable to the lenders and are cumbersome to the disposition of the associated
28 properties. The amount of funds expended to secure financing was significant;

1 oftentimes 'bridge' financing (typically a high cost and short-term loan) was used to
2 purchase assets and then the assets were refinanced within a matter of months, often
3 using non-prime lenders with corresponding rates and terms.

4 As a result of the cash shortage caused by the withholding of funds by
5 Chicago Title, the Receiver was unable to make debt service payments for the first
6 four months of the case. Therefore, the Receiver and her counsel have had to
7 expend extensive time communicating with lenders and ultimately attempting to
8 negotiate terms which provide for the best possible result for the receivership estate.
9 As part of those negotiations, the Receiver has brought most loans current, and in
10 exchange, has obtained beneficial default interest, prepayment and other fee
11 reductions from several of the lenders, amounting to savings of hundreds of
12 thousands of dollars. These savings will be realized as those properties are being
13 sold. There are, however, a few loans which remain unresolved and which the
14 Receiver continues to analyze to determine the best course of action.

15 **G. Loans and Other Investments**

16 Through her investigation, meetings, and document review, the Receiver has
17 identified numerous loans and investments made by Champion-Cain and the
18 Receivership Entities, as well as associated business interests and assets. Based
19 upon interviews with Champion-Cain and records reviewed by the Receiver, it
20 appears that millions of dollars were spent in connection with investments in various
21 enterprises and loans to third parties. The Receiver and her counsel will continue to
22 investigate and secure all assets and business interests of the Receivership Entities.
23 Recovery efforts and negotiations are already underway to monetize several of these
24 items.

25 **H. Investigation of Third-Party Claims**

26 The Receiver is aware of significant claims against third parties for the
27 substantial losses suffered by the Receivership Entities and indirectly, the investors
28 and creditors of the Receivership Entities. The Receiver has identified certain third

1 parties who directly or indirectly aided and abetted the principals of the receivership
2 entities in wrongful conduct resulting in tens of millions of dollars of losses.

3 As the Court and most investors are aware, there have already been claims
4 asserted by certain investors against Chicago Title for damages arising out of their
5 role in the alleged fraudulent scheme. In addition, there are individuals and entities
6 who aided and abetted the principles and/or who were unjustly enriched or
7 otherwise unjustly benefited as a result of their work or relationship with the
8 principles of the receivership entities. At this point, the Receiver has not completed
9 her investigation or analysis as to these claims. Moreover, certain claims may not
10 be ascertainable until the forensic accounting and/or claims process has been
11 completed.

12 With respect to potential claims against Chicago Title, the Receiver and her
13 counsel are investigating and analyzing potential claims the Receiver, on behalf of
14 the receivership estate, has against Chicago Title. In the meantime, the Receiver has
15 recently requested that Chicago Title enter into a Tolling Agreement as to the
16 Receiver's claims (and all associated defenses and counterclaims).

17 **I. Control Over Electronic Data, Computer Hardware and Software, and**
18 **Documents**

19 Immediately upon her appointment, in addition to taking control of the
20 subject premises, the Receiver retained the services of SETEC Investigations to
21 image all of the servers, cloud documents and computers located at the office
22 premises. Additionally, a member of the Receiver's staff sat with the head of the in-
23 house IT department to review all internet and cloud services, gain administrative
24 access to those systems, as well as determine if any ongoing projects would need
25 special attention.

26 As the company largely uses modern cloud services to run most
27 administrative systems (*i.e.* Google business email and cloud document sharing),
28 this work involved downloading the entire catalog of the Receivership Entities'

1 cloud repository, imaging the local network for those data files that were not in the
2 cloud (*e.g.* Quickbooks enterprise data files and security systems data files) and
3 imaging the hard drives from every non-cloud based computer to preserve all e-
4 mails, documents, and accounting information maintained on those devices/services.
5 In addition to these devices, the Receiver found various "thumb drives" and other
6 external electronic storage devices which were also imaged in order to preserve the
7 data contained thereon.

8 As part of her effort to preserve the electronic and hard copy documents
9 associated with the Receivership Entities, the Receiver, sometimes through counsel,
10 has also been serving attorneys, accountants, vendors, and other third parties with
11 copies of the Appointment Order and making demand that each of these parties
12 preserve all electronic and other documents in their possession, custody or control as
13 provided for in the Appointment Order. While most vendors have been responsive
14 to the Receiver's requests, some vendors have specific requirements and limitations
15 when responding to these requests.

16 The computer imaging work was extensive, cumbersome and produced more
17 than 80 terabytes of data, some of which is due to the media-intensive marketing
18 work of the restaurant, retail, and vacation rental operations. The electronic data is
19 important to both identify and address the assets, the inter-relationship among
20 Receivership Entities, and to prepare the accounting provided for in the
21 Appointment Order.

22 **J. Receivership Estate Operations**

23 When the Receiver was appointed, there were over 350 employees
24 (approximately 70 of which were corporate-level employees) and the companies' bi-
25 weekly payroll was approximately \$550,000 (not including PTO or benefits). In the
26 face of limited funds and past due and ongoing expenses, the Receiver took prompt
27 steps to reduce staff within the first few days of the receivership, and has continued
28 to assess and reduce staff, as necessary, over the last 120 days. Bi-weekly payroll is

1 currently \$131,000, a 76% reduction (not including benefits)) and will be further
2 reduced to under \$115,000 in the coming weeks. The Receiver engaged CRG and
3 has outsourced accounting and payroll functions to Flores Financial Group to ensure
4 a clean slate is created for the four restaurants which continue to operate. Fees
5 associated with these engagements will also drop off upon completion of the
6 restaurant sales.

7 Only six full-time corporate-level employees remain at the corporate office.
8 Their duties are largely centered around accounting, operations of the real estate
9 portfolio, and management of the wind-down of the various entities and operations.
10 Additionally, the Receiver has engaged a temporary human resources and tax
11 specialist to assist with the wind-down of the various entities and related tasks,
12 including prior-year W-2 and prior-year payroll tax matters. The specific
13 competencies and the hourly rate for this employee are better suited to this task than
14 the previous human resources employees. Additionally, after the remaining IT
15 administrator resigned, those services were outsourced to AMA Networks, a local
16 vendor with experience in receivership projects.

17 Finally, the Receiver and her staff have committed significant time to
18 working closely with the staff at the Receivership Entities' corporate offices. For
19 the first approximately 120 days, the Receiver, usually with other members of her
20 staff, has worked daily from the corporate offices. These efforts allow decisions to
21 be made quickly in response to ongoing operational needs of the entities, and to
22 provide support to the existing staff.

23 **K. Affiliated Entities**

24 It appears that Champion-Cain was associated with a large number of
25 companies in the United States, and the Receiver is continuing to investigate and
26 locate companies affiliated with Champion-Cain and/or the Receivership Entities.
27 Through her investigation and review of records, the Receiver has identified several
28 entities, which appear to be affiliated with Champion-Cain and/or the Receivership

1 Entities in addition to those included on the Appointment Order. The Receiver
2 continues to investigate the ties and relationships between these entities and the
3 Defendants and will take appropriate steps to secure their assets.

4 **L. Pending Litigation**

5 At the time of the Receiver's Appointment, there were two pending litigation
6 matters involving the Receivership Entities. In one of these matters, one of the
7 Receivership Entities had been sued in San Diego Superior Court by a former
8 employee. This case has been stayed as a result of the litigation stay contained in
9 the Appointment Order.

10 In the other pending case, one of the Receivership Entities, Westlink
11 Development, LLC ("Westlink"), along with other co-plaintiffs, had sued SunTrust
12 Bank in Pinellas County, Florida. Westlink was being represented by counsel
13 located in San Diego, as well as a firm located in Florida (which was also
14 representing the co-plaintiffs). Both firms were being paid on an hourly basis and
15 Westlink was advancing all fees and costs for the other co-plaintiffs.

16 The Receiver, with assistance of her counsel, has gathered information about
17 the case, spoken to the lawyers in San Diego and Florida, and spoken to the two
18 remaining co-plaintiffs. The Receiver is currently in negotiations with the co-
19 plaintiffs and the firm in Florida on a new proposed contingent fee arrangement and
20 agreement amongst the co-plaintiffs regarding allocation of the net recovery. If the
21 parties can agree on terms, the Receiver will file a motion seeking Court approval of
22 the proposed agreement.

23 **M. Taxes**

24 The Receiver understands that in the past, certain investors may have received
25 an IRS Form 1099 from one or more of the Receivership Entities. Typically, the
26 IRS Form 1099 is sent to each person that has received payments from a
27 Receivership Entity in a given year. The Receiver is not presently in a position to
28 report the specific amounts paid to individual investors during the pre-receivership

1 periods. Before transmitting the payment information or the Form 1099 to
2 investors, the Receiver must first complete her forensic accounting so she can verify
3 what payments were made, as well as the nature of the payments.

4 In addition, the Receiver will likely commence a claims process in which
5 investors and the Receiver will work to validate the amounts received by the
6 Receivership Entities from investors as well as the amounts paid to investors. Once
7 the foregoing information has been obtained and after consultation with tax
8 professionals as to the propriety of transmitting the IRS Form 1099 to investors in
9 these circumstances, the Receiver will notify the investors of her decision as to
10 whether to send out the Form 1099 for any pre-receivership periods.

11 In either case, it is important to note that the Receiver cannot provide tax
12 advice to investors and each investor should consult with their own tax accountant
13 or counsel with regard to the appropriate tax reporting for their investments in the
14 Receivership Entities.

15 Regarding the Receivership Entities' tax returns, many prior year returns had
16 not been completed at the time of the Receiver's appointment. Given the expense
17 and time necessary to complete this task, and while discussions have progressed on
18 how to most cost-effectively get the returns completed, the go forward plan is still
19 being determined.

20 **N. Receipts and Disbursements**

21 The following reflects the cash activity in the receivership estate for the
22 period from September 3, 2019 through December 31, 2019. A summary of the
23 receipts and disbursements is as follows:

Bank Balance at 09/03/2019 ⁵ (accounts listed in Appointment Order)	\$368,614
Additional Bank Account Recoveries post-takeover	\$1,447,947
Chicago Title Funds Received	\$11,311,344
Total Receipts	\$4,294,579
Total Disbursements	(\$5,622,853)
Ending Bank Balance at 12/31/2019	\$11,799,631

A more detailed summary of the receipts and disbursements is as follows:

Beginning Balance at 09/03/2019 (accounts listed in Appointment Order)	\$368,614
Additional Bank Account Recoveries post-takeover	\$1,447,947
Line of Credit Withdrawal – 9/3 pre-Receiver	\$80,000
Chicago Title Funds Received November 19, 2019	\$11,311,344
Restaurant Receipts (includes Patio Marketplace pre-opening expense receivables collection)	\$3,373,797
Real Estate Rental Receipts	\$208,975
Keller Street Co-Work Receipts	\$145,457
Retail Receipts	\$85,346
Legal Retainer Recovery	\$183,204
City National Bank CD Recovery	\$76,296
Tourmaline Investment Recovery	\$75,000
ANI Miscellaneous Refunds/Recoveries/Receipts	\$53,580
Interest Income	\$12,924

⁵ While September 3, 2019 is the date of the Appointment Order, the order was entered late in the afternoon, and the takeover occurred on September 4, 2019, so certain bank activity occurred (including certain September rents and debt service payments) on September 3rd, prior to the freeze order taking effect.

1	Pre-Receiver Expenses (detail in Initial Verified Report)	(\$87,930)
2	Restaurant Expenses:	
3	Payroll and Payroll Related Expense	(\$1,359,005)
4	Operating Expenses	(\$678,235)
5	Cost of Goods Sold	(\$643,530)
6	Management Fees	(\$150,000)
7	BOE – Sales Tax	(\$138,425)
8	Rent Expense	(\$32,077)
9	Merchant and Bank Fees	(\$27,619)
10	Real Property Related Expenses:	
11	Debt Service	(\$516,263)
12	Property Tax Expense	(\$196,241)
13	Operating Expenses	(\$57,587)
14	Keller Street Co-Work Expenses:	
15	Payroll and Payroll Related Expense	(\$34,174)
16	Operating Expense	(\$35,153)
17	Retail Expenses:	
18	Payroll and Payroll Related Expense	(\$18,087)
19	Operating Expense	(\$14,017)
20	Cost of Goods Sold	(\$1,463)
21	General & Administrative Expense	(\$258)
22	Corporate Expenses:	
23	Payroll and Payroll Related Expense (includes real property related operations)	(\$1,022,863)
24	Insurance (includes real property and operations coverages)	(\$324,278)
25		
26		
27		
28		

General & Administrative Expenses	(\$150,689)
IT Expense	(\$57,902)
Rent Expense	(\$50,117)
Operating Expenses	(\$26,940)
Ending Bank Balance at 12/31/2019	\$11,799,631

As shown above, total cash basis disbursements were \$5.6 million, while receipts and recoveries totaled \$4.3 million (excluding the funds turned over by Chicago Title). Of the \$1.3 million variance, \$1 million reflects debt service, property taxes and insurance. It should be noted that two real property and two personal property sales approved by the Court on January 24, 2020 are expected to generate approximately \$1.78 million⁶ in net proceeds for the receivership estate.

The Receiver continues to work towards understanding the collective liabilities of the companies, including pre-receivership tax matters. Numerous mechanic's liens have been filed on the three properties on which construction ceased shortly before the Receiver's appointment. Several contracts were entered into (e.g., vehicles, office equipment, etc.) which did not make economic sense; the Receiver has been working to terminate, turnover and otherwise minimize these costs. The Receiver has also worked diligently to attempt to limit or eliminate prospective landlord claims against the estate.⁷

O. Territorial Jurisdiction Over Receivership Assets

By filing the Complaint and the Appointment Order with other federal district courts in the United States, the territorial jurisdiction of this Court over receivership

⁶ This number assumes the receivership estate receives approximately \$255,000 of net sales proceeds from the 1617 Thomas Avenue sale.

⁷ The Receiver and her counsel have been extensively conferring with lenders and landlords on a regular basis to keep them apprised of the situation, as much as possible, and to attempt to avoid costly legal disputes.

1 assets is extended to such districts. 28 U.S.C. § 754, *see also Haile v. Henderson*
2 *Nat'l Bank*, 657 Fed. 2d 816, 822 (6th Cir. 1981). Based on information obtained to
3 date regarding assets owned by Receivership Entities or in which they may have a
4 security interest and in conformity with Section 754 and the federal law, the
5 Receiver has filed the Complaint and the Appointment Order in the United States
6 District Courts for the Central, Northern, and Eastern Districts of California, as well
7 as the District of Arizona and the Northern District of Illinois. The Receiver has
8 also caused the Appointment Order to be recorded in the property records for each
9 county in which the Receivership Entities are believed to own real property or have
10 an interest in real property. As additional information becomes available, the
11 Receiver will file and record the Complaint and the Appointment Order in additional
12 districts and counties.

13 **P. Investor/Creditor Communications**

14 The Receiver has established a dedicated website which is being used to
15 provide case information, regular updates, and answers to frequently asked
16 questions to investors and creditors. The website is not intended to duplicate the
17 Court's electronic case filing system for this case, but it is intended to provide
18 investors with important information about the receivership. The Internet address
19 for the website is as follows: www.anireceivership.com. In addition, the Receiver
20 is maintaining a dedicated e-mail address (ani@ethreadvisors.com) and telephone
21 line for investor and creditor inquiries. The Receiver has had her staff attempt to
22 respond to investor and creditor correspondence to acknowledge receipt of their
23 correspondence (via email and/or phone).

24 Based on the Receiver's investigation to date, it appears Champion-Cain and
25 the Receivership Entities did not maintain a comprehensive database of investor
26 information. The Receiver has worked diligently to gather investor contact
27 information from various sources, including information gathered by the
28 Commission, investors who have contacted the Receiver or her counsel,

1 documentation located at the Receivership Entities' offices, and attorneys
2 representing individual investors or investor groups.

3 The Receiver has provided communications directing all investors and
4 creditors to the receivership website for further notices, information, and updates,
5 and notifies them of the opportunity to subscribe to the receive automatic monthly e-
6 mail updates with links to reports and other relevant documents filed with the Court.

7 **IV. CONCLUSION**

8 The Receiver's efforts to marshal and recover assets and relevant
9 Receivership Entity documents and records are ongoing. The Receiver and her
10 professionals make the following recommendations with regard to the continued
11 administration of the receivership.

12 **1. Document Recovery Efforts**

13 The Receiver will continue to obtain records from all financial institutions
14 where the Receivership Entities maintained accounts as well as from attorneys and
15 accountants engaged by the Receivership Entities. The Receiver has served
16 subpoenas on certain institutions, individuals, and entities and proposes to proceed
17 with these efforts to obtain necessary documents, assets, and information. It may
18 also be necessary to take the depositions of certain individuals.

19 **2. Asset Investigation and Recovery Efforts**

20 The Receiver will continue to seek to locate any presently unaccounted for
21 receivership assets that may exist. As noted above, it is believed that additional
22 assets may be located once the Receiver has had an opportunity to analyze the
23 Receivership Entities' electronic records and complete her forensic accounting. The
24 Receiver also will continue to investigate third parties who aided Champion-Cain in
25 connection with this enterprise. As part of her investigation, the Receiver will
26 evaluate whether such third parties should be liable for damages caused to the
27 Receivership Entities and their investors.

1 3. Accounting

2 While the Receiver has commenced her forensic accounting, critical bank
3 records and other records held by third parties are still being obtained. Once these
4 records have been received, the Receiver will endeavor to complete her accounting
5 to establish, among other things, where the funds obtained by the Receivership
6 Entities came from and where they went after they were received by the
7 Receivership Entities. The accounting will also provide the foundation for the
8 Receiver's review and analysis of investor/lender and other creditor claims.

9 4. Restaurant Operations

10 As noted above, there are four restaurants owned by the Receivership Entities
11 that the Receiver is continuing to operate with the assistance of CRG. For the
12 reasons discussed above, the Receiver proposes to continue to operate these four
13 restaurants unless and until it is determined that the ongoing costs of operating
14 outweigh their projected net value to the receivership estate.

15 5. Continuation of Receivership

16 Based upon the Receiver's investigation and findings to date, the Receiver
17 recommends and requests that the Court order that the receivership continue
18 pursuant to the Appointment Order and supplemental orders issued by the Court.

EXHIBIT INDEX

EXHIBIT NO.	DESCRIPTION	PAGE NO.
Exhibit A	Schedule of All Known Real Property	28
Exhibit B	Schedules of Personal Property Assets	38

EXHIBIT A

EXHIBIT A

Preliminary Asset Schedule (not including FF&E)

All asset valuations and commentary, unless a transaction has occurred, are preliminary based on the best information available to the Receiver at this time - which includes review of documents and information, market comparables, appraisals and brokers' opinions of value. Nothing contained herein shall be construed as an admission of any values or balances or a waiver of any rights.

Properties Sold:

	Address	Asset Type or Name	Asset Status & Commentary	Net Sale Proceeds
1	4205 Lamont Street, #12, San Diego, CA 92109	Rental Condo	Closed 12/26/19 - Sale Price \$409,000. Payment to Lender \$374,751.60; paid down loan such that updated amount owing lender is approximately \$460,000. The remaining collateral on this loan is Valle Vista and certain Surf Rider personal property, the sale of which are expected to contribute net proceeds to the estate.	0
2	132 Keller Street, Petaluma, CA 94952	Closed Restaurant (prior to receivership appt)	Closed 12/26/19 - Sale price \$1,800,000. Payment to lender \$1,698,556.12; brought loan current and paid down principal such that remaining principal balance is \$1.1 million and monthly interest only payment reduced by nearly \$10,000 per month. The remaining collateral on this loan is 140 Keller Street, the sale of which is expected to contribute net proceeds to the estate.	0
3	805 Brighton Court, San Diego, CA 92109	Vacation Rental	Closed 01/31/2020 - sale price \$1,275,000. Payment to lender \$1,223,905.64 (includes \$67,760.45 of net sale proceeds); paid down principal such that remaining principal balance on vacation home portfolio loan is \$3.77 million. Net sale proceeds were \$67,760.45, which as per Court Order, were sent to lender rather than receivership estate.	0
Total Net Proceeds (Zero net proceeds but reduction of loans payable of \$3.188 million)				0

Properties Pending Sale Closings:

	Address	Asset Type or Name	Asset Status & Commentary	Gross Sales Price
1	1617 Thomas Street Pacific Beach, CA 92109	Vacation Rental	Sale is Court approved, however due to time between original loan approval (August 2019) and the Court approval (December 2019), buyer was required to re-apply for financing. The loan is now conditionally approved and expected to close shortly. The sale is anticipated to produce net sale proceeds of approximately \$255,000 after payment of the vacation home portfolio loan release price, broker fees and other closing costs.	985,000
2	83 Royal Saint Georges Way, Rancho Mirage, CA 92103	Vacation Rental	Proposed sale received Court approval on January 24, 2020. Closing anticipated in the coming days, estimated net sale proceeds are expected to be \$1.26 million (the loan is paid current in exchange for waiver of default interest). The loan principal balance is \$1.55 million and there is a deferred interest component to this loan.	2,999,000
Total Estimated Market Value of Properties Pending Sale Closings				3,984,000

Vacation Homes Owned:

	Address	Asset Type or Name	Asset Status & Commentary	Broker Recommended List Prices
1	809 San Rafael Pl., San Diego, CA 92109	Vacation Rental	Listed at \$1,699,900. Transactions are expected to close $\pm$ 10% of list price.	1,699,900
2	750 Yarmouth Ct., San Diego, CA 92109	Vacation Rental	Listed at \$1,599,900. Transactions are expected to close $\pm$ 10% of list price.	1,599,900
3	737 Windemere Ct., San Diego, CA 92109	Vacation Rental	Listed at \$1,699,900. Transactions are expected to close $\pm$ 10% of list price.	1,699,900
4	812 San Rafael Pl., San Diego, CA 92109	Vacation Rental	Listed at \$1,699,900. Transactions are expected to close $\pm$ 10% of list price.	1,699,900
5	724 Zanzibar Ct., San Diego, CA 92109	Vacation Rental	Listed at \$1,899,900. Transactions are expected to close $\pm$ 10% of list price.	1,899,900
Total Broker Recommended List Prices				8,599,500

Mixed Use Real Property Owned:

	Address	Asset Type or Name	Asset Status & Commentary	Estimated Market Value
1	3816 Mission Blvd., San Diego, CA 92109	Mixed Use - Surf Shop Ground Floor Apartment Loft Rented	Broker recommended value. Retail closed. Residential unit is currently in a lease that is expected to terminate on 2/29/2020 per agreement with the tenant. Once space is relet, the property is intended to be listed for sale.	1,250,000
2	3415 Mission Blvd., San Diego, CA 92109	Retail store and 3 apartments	Broker recommended value. Retail closed, but have received interest. All three residential units have been recently leased and stabilized to market rent. The property will be listed for sale shortly.	1,425,000
Total Estimated Market Value				2,675,000

Restaurants and Real Property Owned:				
	Address	Asset Type or Name	Asset Status & Commentary	Broker Recommended List Prices
1	369 10th Avenue, San Diego, CA 92101	Real Estate Condo Envelope	Call for offers deadline was February 3, 2020; Receiver is in process of reviewing offers in anticipation of making a motion to the Court for sale approval. Operation closed. Former Restaurant/Bar.	2,500,000
2	4437-4445 Lamont Street, San Diego, CA 92109	Commercial Use - Restaurant (4439 is 2-story building used as storage and office for Lamont operations)	Call for offers deadline was February 3, 2020; Receiver is in process of reviewing offers in anticipation of making a motion to the Court for sale approval. Occupied/Operating. Patio on Lamont Restaurant.	3,600,000
3	3768 Mission Blvd, San Diego, CA 92109	Restaurant operation	Call for offers deadline was February 3, 2020; Receiver is in process of reviewing offers in anticipation of making a motion to the Court for sale approval. Occupied/Operating. Saska's Steakhouse.	1,865,000
4	3814 Mission Blvd. San Diego, CA 92109	Redondo Parking Lot Next to Surf Rider Pizza - Mission Beach	Call for offers deadline was February 3, 2020; Receiver is in process of reviewing offers in anticipation of making a motion to the Court for sale approval. Operating parking lot.	900,000
5	8381 La Mesa Blvd., La Mesa CA	Commercial Property Restaurant	Call for offers deadline was February 3, 2020; Receiver is in process of reviewing offers in anticipation of making a motion to the Court for sale approval. Occupied/Operating. Surf Rider Pizza - La Mesa.	2,910,000
6	3445 Ingraham Street, San Diego, CA 92109	Commercial Property Restaurant	Call for offers deadline was February 3, 2020; Receiver is in process of reviewing offers in anticipation of making a motion to the Court for sale approval. Operation closed. Former Surf Rider Pizza - Crown Point.	1,030,000
7	3833 Mission Blvd., San Diego, CA 92109	Commercial Property Restaurant	Call for offers deadline was February 3, 2020; Receiver is in process of reviewing offers in anticipation of making a motion to the Court for sale approval. Operation Closed. Former Swell Coffee.	775,000
Total Broker Recommended List Prices				13,580,000
Note: Prelim data suggest gross sales proceeds should exceed debt and closing cost estimates, resulting in net sale proceeds for the receivership estate. If data from sale offers suggest otherwise or economics shift, the Receiver may adjust course.				

General Commercial Real Property Owned:

	Address	Asset Type or Name	Asset Status & Commentary	Estimated Market Value
1	3515 Hancock Street San Diego, CA 92110	Commerical Use - Main Office and Parking Lot	Appraised value. HQ office space. The Receiver is presently working with lender and mechanic's lienholders.	5,000,000
2	7569-7571/7565 University Avenue, La Mesa, CA 91942	ANI, Inc. Condo Units	Construction ceased. EMV based on broker opinion of value. Both properties have been joined into one parcel making disposition difficult. Options for this property are being assessed, however we have received preliminary interest in the property.	1,470,000
3	4030-4034 Randolph Street, San Diego, CA 92103	Rentals Apt - 5 Units; House - 4 Units	Currently fully leased. Two new leases were signed in January 2020 and one eviction is currently anticipated. EMV based on broker opinion of value. The property is expected to be listed soon.	1,700,000
4	901, 903, 904 W. Washington ST., San Diego, CA	Commercial Property 3 Commercial Tenants	Leases are being stabilized, which include negotiating two new leases with existing tenants and evicting one tenant. A leasing broker has been recommended for the third (eviction) space. EMV based on appraisal as of 12/31/19.	2,100,000
5	140 Keller Street, Petaluma, CA 94952	CoWorking Office Business	EMV based on Broker recommended listing value of \$2,500,000. Property is listed; Receiver is working with broker on establishing a call for offers date. The co-work business is currently operating. Transaction expected to close $\pm$ 15% of list price.	2,500,000
6	3792 Mission Blvd. (Suite A), San Diego, CA 92109	Office space	Estimated value based on Realtor automated value. Former LuvSurf office space. A prospective listing broker is being interviewed for the space.	450,000
7	301-317 D Street, Sacramento, CA 95605	Partially constructed 40 unit apartment building.	Partially developed apartment building. Construction ceased just prior to Receiver's appointment. Project secured, insured and weatherized. Project encumbered by a construction loan, mechanic's liens and a stop notice, all of which must be addressed in connection with a negotiated sale to a prospective developer/purchaser. Analysis of the project budget and valuation continues along with ongoing discussions regarding the City of Sacramento and stakeholders with regard to their claims, project completion and asset sale.	TBD
Total Estimated Market Value				13,220,000

General Residential Real Property Owned:

	Address	Asset Type or Name	Asset Status & Commentary	Estimated Market Value
1	1775 Diamond Street, #301, San Diego, CA 92111	Condo	Submarket Lease in place pre-Receiver - Receiver is working to resolve this issue. EMV based on Realtor automated value.	340,380
2	7940 University Avenue #9, La Mesa, CA 91941	Rental Condo	Leased. Preparing to list. EMV based on Realtor automated value.	327,540
3	7243 Camino Degrazia, Unit 59, San Diego, CA 92111	Rental Condo	Submarket Lease in place pre-Receiver. Lease is expected to terminate in April 2020. EMV based on Realtor automated value.	454,000
4	4829 Bella Pacific #215, San Diego, CA 92109	Rental Condo	Pre-Receiver submarket Lease was resolved, and property was listed for sale. Receiver has accepted a market offer, has opened escrow, and expects to work through the sale process in ordinary course.	490,000
5	3548 Tennyson Street, San Diego, CA	Long term rental - Just purchased 8/20/19	Property was listed for sale. Receiver has accepted a market offer, has opened escrow, and expects to work through the sale process in ordinary course.	885,000
6	4364 Valle Vista, San Diego, CA 92103	SFR - Long Term Rental	Submarket Lease in place pre-Receiver - Receiver is working to resolve this issue. EMV based on appraisal. Approximate amount of principal on first trust deed is \$500K and second trust deed of \$460K (as of end of 2019). The second trust deed on this asset impacts the ability to realize certain Surf Rider personal property sale proceeds.	1,125,000
7	SE Corner of Casanova St & Palou Ave Carmel by the Sea 93921	Vacation Rental	Property was listed for sale and a market offer accepted. Property is in escrow and contingencies have been removed. Receiver is working to prepare her Motion to the Court for approval at this time. If this sale were to close in March/April 2020, the estimated net proceeds from sale are expected to exceed \$500,000.	1,575,000
Total Estimated Market Value				5,196,920

Other Investments/Loans - Recovery to Date:				
1	Tourmaline Equity, LLC		\$300K Investment in real estate development in Bentonville, Arkansas - \$75K received. \$75K expected in the coming months. At this time return of principal is expected.	75,000
Total Recovery To Date				75,000
Other Investments/Loans - Pending Court Approval:				
	Address/Name	Asset Type or Name	Asset Status & Commentary	Proposed Recovery
1	Pullman Lofts I		Investment in membership interest which was intended to develop a 72 unit apartment complex in Santa Rosa. Invested \$758,273 per company records. Negotiated buyout of nearly \$496K pending Court approval.	470,888
2	JB Resources		Funds advanced pre-Receiver with no value received. Buyout of Pullman Lofts I includes assignment of the rights to collect on this transfer.	25,000
3	Dan Champion		\$275K Loan on single family residence with estimated value of \$686,020 based on online market data only. Additional \$79,338 payment made with no value received in return. To prevent legal costs associated with fraudulent transfer claim, Receiver negotiated settlement of \$330K (93% recovery on payments), which is being prepared to be presented to the Court for approval and will be contingent upon successful refinance of collateral property.	330,000
Total Other Investments/Loans Resolutions Pending Court Approval				825,888

NOTE: It is imperative to note that these figures are all gross numbers being provided as a courtesy for the reader's reference purposes only. All except one of the real properties is encumbered with a mortgage. After taking into consideration estimated values, brokerage fees, costs of sale, mortgage payoffs and fees, property taxes, potential recovery of other investments/loans, etc., the Receiver now estimates the net asset value of the portfolio reflected on this schedule to be in the \$13-\$15 million range.

As valuations and additional information are obtained and/or finalized, and if individual assets do not have a positive net asset value, the Receiver does not intend to expend additional resources on such assets.
